

Septimatech Easy Adjust Tight Radius Corners

Fast Changeovers and Extraordinary Container Control in Space Constrained Corners

Septimatech Easy Adjust Tight Radius Corners adjust to a 6-inch (150mm) radius on any 90 and 180 degree corner, S-bend, zig-zag, or space constrained line configuration. In seconds, precisely adjust inside and outside curves or just one curve as needed for superior container control and throughput.

Adjustments are repeatable and accurate to plus or minus 1 mm. Numerical displays on each adjuster provide quick setting confirmation. No fine tuning or change parts required.

Easy Adjust Tight Radius Corners deliver exceptional control for containers of any shape or size — empty or full.

Benefits

- Improves container control
- Fast, accurate, repeatable setups
- No fine tuning required
- Eliminates operator variables
- Reduces changeover time
- Rail position maintained during back pressure
- Easy installation on existing conveyors
- Maintenance-free components

Superior container control in conveyor wheel corners.

Adjust to 6-inch radius on any 90 and 180 degree corner, s-bend, zig-zag or tight space.

Accurate, repeatable adjustments to plus or minus 1mm.

No fine tuning. No operator variables.

Features

- One-time calibration
- Independent adjusters for inside and outside rails
- Robust mounts, couplings and adjusters
- Numerical displays for quick setting confirmation
- Washdown capable

Proven Performance in Every Packaging Changeover
